

RATP Dev USA Renews Contract with City of Camarillo –Transit Operations and Maintenance Services of Camarillo Area Transit

Fort Worth, Texas (May 18, 2020) – [RATP Dev USA](#) (RATP Dev), a national leader in public transit, announces its renewal of the Transit Operations and Maintenance Services for the City of Camarillo, CA., to continue providing fixed-route and dial-a-ride services. RATP Dev has been the proud provider of [Camarillo Area Transit \(CAT\)](#) since 2015.

The City of Camarillo selected RATP Dev to continue the partnership through a national competitive process that awarded the contract based on best qualified and value procurement. The new contract will cover an initial period of three years with the option for the City to extend the contract for up to seven additional years. As a part of RATP Dev USA's acquisition of Roadrunner Management Services in 2018, CAT adds to RATP Dev's California operations alongside Santa Maria Area Transit, City of Lompoc, City of Solvang, and Ventura County Transportation Commission.

City of Camarillo Representative Tyler Nestved commented, "I am excited to continue working with RATP Dev USA, they have proven to provide excellent service for our community." "Securing a long term contract with them is a wonderful benefit," adds Mr. Nestved.

RATP Dev agrees with Mr. Nestved; we are eager to build on our existing relationship with the City. General Manager, Shane Bollar stated, "We are honored that the City of Camarillo has decided to renew their contract with RATP Dev USA. This renewal means so much to our local team involved because we get the opportunity to continue providing excellent service to a community that truly appreciates and depends on the service." Mr. Bollar continues, "This is a testament of the level of service and success provided by our entire team."

About RATP Dev

Founded in 2002, RATP Dev operates and maintains urban transportation systems in 12 countries on four continents (United Kingdom, France, Italy, Switzerland, Algeria, Morocco, South Africa, Saudi Arabia, Qatar, China, the Philippines, and the United States of America). With more than 1.5 billion passengers traveling on its networks every year, RATP Dev demonstrates every day its extensive and renowned expertise in a wide range of mobility services, ranging from rail, regional express rail, tramway, to bus, cable car, and sightseeing activities. RATP Dev leverages in France, outside of Paris, and across international markets the technical expertise and experience of RATP Group, the leader in driverless and tramway operations and operator of the Paris network, one of the largest public transportation networks in the world. In North America, RATP Dev transports more than 78 million passengers in over 30 locations across the United States.
