

RATP Dev USA Provides Corporate Sponsorship Donation to Support the Transit Empowerment Fund's Mission to Provide Individuals with Access to Mass Transit Systems

Fort Worth, Texas (June 25, 2018) – [RATP Dev USA](#), a national leader in public transit, donated \$5,000 to the [Transit Empowerment Fund](#) a non-profit local to Austin, Texas. The donation will provide 10,000 Day Passes and 1,110 7-Day Passes to nonprofit organizations whose clients are seniors, those that identify with a disability, or students.

The Transit Empowerment Fund (TEF) was established in 2011 through a partnership between Capital Metro and One Voice Central Texas, a coalition of more than 100 non-profit health and human service organizations. It focuses on lowering barriers to self-sufficiency by increasing access to transportation for education, employment, healthcare and social services. The TEF distributes bus passes to organizations that serve low-income individuals and supports projects that employ creative solutions to expand transit services in underserved neighborhoods in the Austin area.

“The Transit Empowerment Fund is deeply committed to strengthening our community by supporting traditional and innovative mobility options,” said Janet Allen, Chair of the Transit Empowerment Fund Board. “We are thrilled that RATP Dev USA has chosen to partner with us as we work to find innovative transportation solutions.”

The donation is funded by RATP Dev’s “We Move People” community outreach program. The program’s objectives are to support and partner with individual agencies to impact the communities that RATP Dev serves nationwide; connecting its employees with transit related non-profit organizations and charitable opportunities.

“RATP Dev encourages employee volunteering to positively impact the lives of our passengers, reinforcing the relationship between our clients and the community, said Blaine Rigler, President of RATP Dev USA. “We are grateful for the opportunity to assist TEF in their mission.”

RATP Dev will present the \$5,000 donation at the June 25th TEF board meeting in Texas.

About RATP Dev

Founded in 2002, RATP Dev operates and maintains urban transportation systems in 14 countries on four continents (United Kingdom, France, Italy, Switzerland, Algeria, Morocco, South Africa, Saudi Arabia, Qatar, India, China, South Korea, the Philippines, and the United States of America). With more than 1.5 billion passengers travelling on its networks every year, RATP Dev demonstrates every day its extensive and renowned expertise in a wide range of mobility services, ranging from rail, regional express rail, tramway, to bus, cable car and sightseeing activities. RATP Dev leverages in France, outside of Paris, and across international markets the technical expertise and experience of RATP Group, the leader in driverless and tramway operations and operator of the Paris network, one of the largest public transportation networks in the world. In North America RATP Dev employs over

6,000 team members transporting more than 78 million passengers in 14 states and operates a wide range of services.
